**INDEPENDENT AUDITORS' REPORT**

To the Honorable Members of  
the Board of County Commissioners  
Jefferson County, Florida

We have audited the accompanying general purpose financial statements of the County of Jefferson, Florida, as of and for the year ending September 30, 2000, as listed in the table of contents. These general purpose financial statements are the responsibility of the County's management. Our responsibility is to express an opinion on these general purpose financial statements based upon our audit.

We conducted our audit in accordance with auditing standards and the standards generally accepted in the United States of America applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the general purpose financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the general purpose financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the general purpose financial statements referred to above present fairly, in all material respects, the financial position of the County of Jefferson, Florida, as of September 30, 2000, and the results of its operations for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated February 27, 2001, on our consideration of the county's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grants.

Our audit was made for the purpose of forming an opinion on the general purpose financial statements taken as a whole. The combining financial statements listed in the table of contents as supplemental information are presented for purposes of additional analysis and are not a required part of the general purpose financial statements. Such information has been subjected to the auditing procedures applied in the audit of the general purpose financial statements and, in our opinion, is fairly stated in all material respects in relation to the general purpose financial statements taken as a whole.

**NOTES TO COMBINED FINANCIAL STATEMENTS**

**September 30, 2000**

**NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

The County of Jefferson, Florida legally exists under Article VIII of the Constitution of the State of Florida as a non-chartered County and operates under an elected County Commission (five members) and provides services to its more than 11,000 residents in many areas, including law enforcement, community enrichment and development, culture and recreation, and human services.

The Clerk of the Circuit Court, Supervisor of Elections, Tax Collector, Property Appraiser, and Sheriff constitute the other elected officials of the County and accordingly, their financial operations are included in the preceding financial statements.

The County operates under a budgetary system wherein the Board of County Commissioners adopts a budget each year for the overall financial operation of the County, to include the operations of each of the other elected officials. Any funds remaining in the various general funds of each elected official must revert to the Board of County Commissioners immediately after the end of each fiscal year. The primary sources of revenues of the County are ad valorem taxes, racing tax, state revenue sharing proceeds, federal grants, gasoline taxes and special assessments.

Under Florida Law, the assessment of all properties and the collection of all county, municipal and school board property taxes are consolidated in the offices of the County Property Appraiser and County Tax Collector. The laws of the State regulating tax assessment are also designed to assure a consistent property valuation method statewide. State statutes permit counties to levy property taxes at a rate of up to 10 mills. The tax levy of Jefferson County is established by the County Commission prior to October 1 of each year. The 1999 millage rate assessed by the County was 10 mills.

All property is reassessed according to its fair market value January 1 of each year. Each assessment roll is submitted to the Executive Director of the State Department of Revenue for review to determine if the rolls meet all of the appropriate requirements of State Statutes.

**NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED**

All taxes are due and payable on November 1 of each year, or as soon thereafter as the assessment roll is certified and delivered to the Tax Collector. All unpaid taxes become delinquent on April 1 following the year in which they are assessed. Discounts are allowed for early payment at the rate of 4% in the month of November, 3% in the month of December, 2% in the month of January and 1% in the month of February. The taxes paid in March are without discount.

Delinquent taxes on real property bear interest of 18% per year. On or prior to June 1 following the tax year, certificates are sold for all delinquent taxes on real property. After sale, tax certificates bear interest of 18% per year or at any lower rate bid by the buyer.

Application for a tax deed on any unredeemed tax certificates may be made by the certificate holder after a period of two years.

Delinquent taxes on personal property bear interest of 18% per year until the tax is satisfied either by seizure and sale of the property or by the five-year statute of limitations.

The County, for financial reporting purposes, includes all of the funds and account groups relevant to the operations of the County of Jefferson, Florida. The financial statements presented herein do not include agencies which have been formed under applicable state laws or separate and distinct units of government apart from the County of Jefferson, Florida.

The general purpose financial statements of the County include those of the Board of County Commissioners and the other elected County officials that are controlled by or financially dependent upon the Board of County Commissioners of Jefferson County, Florida. Control or financial dependence is determined on the basis of budget adoption, taxing authority, funding and appointment of the respective governing board.

Based on the foregoing criteria, the financial statements of the following entities are included in the accompanying financial statements:

**NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED**

Board of County Commissioners, Clerk of the Circuit Court, Tax Collector, Property Appraiser, Sheriff and Supervisor of Elections.

The Jefferson County Recreation Board and Library Board are not part of the Jefferson County reporting entity because the Board of County Commissioners exercises no oversight responsibility and has no accountability for fiscal matters of the respective entities.

The County uses a modified accrual basis of accounting for all Agency and Governmental type funds. Under this method, expenditures are generally recorded on an accrual basis, i.e., when incurred and revenues are recognized when they become measurable and available as net current assets. All significant assets and liabilities are accrued at year end to reflect these items in the proper budgetary period.

Acquisitions of general fixed assets are recorded in the various funds as expenditures when purchased and subsequently are recorded in the general fixed assets group of accounts at the end of the year. All fixed assets are valued at historical cost or estimated historical cost if actual historical cost is not available. General fixed assets acquired by gift or contributed are recorded at their estimated fair market value in the general fixed assets group of accounts when acquired. The Board of County Commissioners and the Sheriff account for general fixed assets in separate self-balancing general fixed asset account groups. No depreciation has been provided on general fixed assets. The County does not capitalize interest incurred in connection with fixed asset acquisitions.

The purpose of the various funds and account groups are as follows:

General Funds - to account for all financial resources, not properly accounted for in another fund.

Capital Projects Fund - to account for all internal general government type funds used for capital projects. Upon completion, finished projects are capitalized in the General Fixed Assets Account Group.

The County of Jefferson, Florida

**NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED**

Special Revenue Funds - to account for the proceeds of specific revenue sources that are restricted by law or other administrative action to expenditure for specific purposes.

Debt Service Fund - to account for the accumulation of resources for, and the payment of general long-term debt principal and interest.

Agency Funds - to account for the assets held by a governmental unit as a trustee and/or agent for individuals, private organizations and other governmental units.

General Fixed Assets - to account for all fixed assets of the County.

General Long-Term Debt - to account for the unmatured principal for all obligations of the County.

Budgets are legally adopted for the General, Capital Projects, Debt Service and Special Revenue funds and are controlled on a fund and departmental level. These budgets are adopted on a basis consistent with generally accepted accounting principles. Formal budgetary integration is employed as a management control device during the year and unused appropriations for all of the above annually budgeted funds lapse at the end of the fiscal year. The budget amounts shown in the financial statements are the final authorized amounts as revised during the year. The County recognizes only significant material encumbrances at year end by reservation of the appropriate fund balance.

**NOTE B - CASH AND INVESTMENTS**

All bank accounts are placed in banks that qualify as a public depository, as required by law (Florida Security For Public Deposits Act, Chapter 280, Florida Statutes).

Chapter 280 of the Florida Statutes, provides that qualified public depositories must maintain eligible collateral having a market value equal to 50% of the average daily balance for each month of all public deposits in excess of any applicable deposit insurance held by the depository during the twelve months immediately preceding the date of any computation of the balance. As such, the depository is not required to hold collateral in

the county agency's name, nor specify which collateral is held for the county agency's benefit. The Public Deposit Security Trust Fund, as created under the laws of the State of Florida, would be required to pay the county agency for any deposits not covered by depository insurance or collateral pledged by the depository, as previously described.

The carrying amount of cash deposits was \$2,640,000 and the bank balances were \$4,379,230 at September 30, 2000. These balances are considered to be 100% insured for risk disclosure purposes.

Investments are recorded at cost which approximates market value and are comprised of funds on deposit with the State Board of Administration and the State Treasurers Office which earn interest at variable rates.

**NOTE C - ACCOUNTS RECEIVABLE**

Accounts receivable are presented without the normal allowance for estimated uncollectible accounts because all accounts over two years old have been removed from the books by specific action of the Board of County Commissioners. Accordingly, the balance presented is considered to be fully collectible as of September 30, 2000 and no further allowance is considered necessary. Bad debt expense for the year was \$192,020.

**NOTE D - INVENTORY OF SUPPLIES**

Inventories of supplies are recorded under the purchases method at cost as an expenditure in the County Transportation Trust Fund at the time of purchase. The ending monthly inventory value is recorded as an asset on the balance sheet with a related reserved fund balance which indicates that inventory does not constitute "available spendable resources" even though it is a component of net current assets. Cost is determined using the first-in, first-out method.

**NOTE E - CHANGES IN LONG-TERM DEBT ACCOUNT GROUP**

Items of equipment were acquired in prior years under various installment purchase obligations bearing interest at 5.5% to 5.84% per annum. These obligations require monthly and annual installments of various amounts and expire at various dates through March, 2010.

The County entered into an unsecured, demand note for \$370,000 with a local bank on February 8, 1999. The principal is payable on demand. Interest is payable semi-annually in August and February on the outstanding principal balance at a rate of 2% over the six month Treasury Bill rate (6.54% at September 30, 2000). Principal balance was \$260,000 on September 30, 2000.

The County issued its \$3,440,000 Jefferson County, Florida, Public Improvement Revenue Bond, Series 1999. The bond is dated October 20, 1999 and pays interest at 4.5% on September 1, 2000 and annually thereafter on each September 1. Principal is payable annually on September 1, 2001 and each September 1 thereafter in amounts varying from \$110,000 in 2001 up to \$253,000 on September 1, 2020. The Bond was issued to finance the cost of the acquisition, construction and equipping of a criminal justice facility under the authority of and in full compliance with the Constitution and laws of the State of Florida, particularly Chapter 125, Florida Statutes, Chapter 218, Part VI, Florida Statutes, Chapters 550 and 551, Florida Statutes, and other applicable provisions of the law, and a resolution duly adopted by the Jefferson County Board of County Commissioners on May 7, 1998, as amended and supplemented.

The Bond and the interest thereon are payable solely from and secured by a lien upon and a pledge of (i) the amount of the local government half-cent sales tax distributed by the State to the Issuer, (ii) the amount of pari-mutual tax revenues distributed to the Issuer and (iii) until applied in accordance with the provisions of the Resolution, all moneys, including investments thereof, in the manner and to the extent described in the Resolution. It is expressly agreed by the Registered Holder of this Bond that the full faith and credit of the Issuer are not pledged to the payment of the principal of, premium, if any, and interest on this Bond and that such Holder shall never have the right to require or compel the exercise of any taxing power of the Issuer to the payment of such principal, premium, if any, and interest. This Bond and the obligation evidenced thereby shall not constitute a lien upon any property of the Issuer, but shall constitute a lien only on, and shall be payable solely from, the Pledged Funds.

**NOTE H - RETIREMENT PROGRAM**

All regular employees of the County are covered by State-administered, cost-sharing multiple-employer public employee defined benefit retirement plans. Participating employers include all State departments, counties, district school boards, and community colleges. Many municipalities and special districts have elected to be participating employers. Employees who earn benefit credits while employed by one participating employer may transfer the credits to any other participating employer.

Essentially all regular employees of participating employers are eligible and must enroll as members of the Florida Retirement System. Generally, a member's retirement pension benefit vests after 10 years of service. Generally, members are eligible for normal retirement benefits at age 62 with 10 years of service or at any age after 30 years of service which may include up to 4 years of credit for military service. For normal retirement, benefit payments are based on the member's best 5-year average annual salary (average final compensation) times the number of years of service, multiplied by a percentage ranging from 1.60 percent at either age 62 or with 30 years of service to 1.68 percent at age 65 or with 33 years of service. Members may individually elect to receive decreased monthly benefits during their lifetime in order to provide survivor benefits to a spouse or dependent. Members are eligible for early retirement after 10 years of service but before age 62; however, normal benefits are reduced by 5 percent for each year a member retires before age 62.

The Florida Retirement System provides benefits in addition to the retirement pension described previously. Benefits include post-retirement payments for health-care insurance, cost-of-living supplements and, for certain retirees, a supplement to cover social security benefits lost by virtue of retirement system membership. Members are eligible for in-line-of-duty disability benefits from their first day of employment and for regular (not in-line-of-duty) disability benefits after 10 years of service. Disability benefit payments are calculated in the same manner as retirement benefits, except that disability benefits are not less than 42 percent of the member's average final compensation for disability incurred in the line of duty and not less than 25 percent of average final compensation for regular disability. Survivors of members who die in the line of duty are entitled to a monthly benefit equal to one-half the member's monthly salary at death. Survivors of members whose death is other than in the line of duty may elect to either receive benefits as if the member had retired on the date of death and had opted to provide survivor benefits or defer benefits to a later date and receive payments as if the member had retired at that later date.

NOTE H - RETIREMENT PROGRAM - CONTINUED

Benefits described above are in summary form and, accordingly, not all conditions, limitations, and restrictions are mentioned. Benefit provisions are established by Chapter 121 and 122, Florida Statutes; Chapter 112, Part IV, Florida Statutes; Chapter 238, Florida Statutes; and Florida Retirement System Rules, Chapter 60S, Florida Administrative Code, wherein benefits are defined and described in detail.

As of September 30, 2000 the contribution rates were as follows:

	<u>Percent of Gross Salary</u>	
	<u>Employee</u>	<u>Employer</u>
Florida Retirement System, Regular	0.00	9.15%
Florida Retirement System, County Elected Officers	0.00	16.99%

The County's 1999-00 fiscal year payroll for all employees totaled \$3,639,707, including \$3,588,253 paid to employees who were members of the Florida Retirement System. Required contributions made to the Florida Retirement System in fiscal years ended September 30, 2000, 1999 and 1998 totaled \$514,404, \$606,730 and \$641,215, respectively.

The Governmental Accounting Standards Board has established the actuarial present value of credited projected benefits as the standardized measure that a public employee retirement system such as the Florida Retirement System must use to determine the amount of its total pension benefit obligation. Use of a standardized method by public employee retirement systems enables financial statement readers to: (1) assess the funding status on a going-concern basis; (2) assess progress made in accumulating assets to pay benefits when due; and (3) make comparisons with other systems and other employers. The actuarial-present-value-of- credited-projected-benefits valuation method reflects the present value of estimated pension benefits that will be paid in future years as a result of employee member services performed to date and is adjusted for the effects of projected salary increases.

NOTE H - RETIREMENT PROGRAM - CONTINUED

The total unfunded actuarial accrued liability of the Florida Retirement System as of July 1, 2000 was as follows:

	<u>(In Billions)</u>
Total Actuarial Accrued Liability	\$ 74.949
Less, Actuarial Value of Assets	<u>88.503</u>
Unfunded Actuarial Accrued Liability	\$( <u>13.554</u> )

Measurement of the above items is based on an actuarial valuation as of July 1, 2000.

The County's 1999-00 fiscal year required contribution to the Florida Retirement System represents a negligible percent of the total current-year actuarially determined contribution requirements for all participating employers.

Ten-year historical trend information is presented in the annual financial report of the Florida Retirement System. The information is useful in assessing the accumulation of assets to pay pension benefits as they become due.

During the 1999-00 fiscal year and as of June 30, 2000, the Florida Retirement System held no securities issued by the County.

**NOTE J - EMPLOYEE VACATION AND SICK LEAVE**

Employees of the Board of County Commissioners are granted ten days per year of annual leave. Annual leave may not be accumulated over ten days. Upon termination of employment, the employee can receive a cash benefit based upon the employee's current wage rate and the annual leave not taken.

Sick leave is granted at the same rate as annual leave with a thirty day maximum accumulation. Employees who have ten years of service or longer can receive a cash benefit of 25% of accumulated sick leave upon termination.

The Board does not accrue a liability for annual/sick leave cash benefits because the amount cannot be reasonably estimated and it will not be liquidated with current resources.

On September 9, 1992 the State of Florida issued \$3,600,000 of State of Florida, Full Faith and Credit, Jefferson County Road Bonds, Series 1992 through the Division of Bond Finance of the State Board of Administration. The bonds, dated September 1, 1992, are full faith and credit obligations of the State of Florida.

The bonds are payable primarily from and are secured by the Pledged Constitutional Gasoline Tax Funds accruing to Jefferson County, Florida. The Pledged Constitutional Gasoline Tax Funds consist of the 80% and 20% portions of the surplus constitutional gasoline tax funds accruing each year to Jefferson County under the provisions of Section 9(c) of Article XII of the Constitution of Florida. No other local revenues nor the general credit of Jefferson County, Florida is pledged on this bond issue.

The State Board of Administration is responsible for collecting the pledged gasoline tax revenues, providing debt service for the bond issue, maintaining debt service funds and accounts for this bond issue. These bonds and the related debt service activities have been deemed to not be liabilities of Jefferson County for the before mentioned reasons. The pledged gasoline tax revenues are accounted for in the debt service fund of the County.

The County had an arbitrage rebate liability of \$-0- as of October 1, 2000.

**INDEPENDENT AUDITORS' REPORT**

The Honorable Members of  
the Board of County Commissioners  
The County of Jefferson, Florida

We have audited the accompanying combined financial statements of the Board of County Commissioners of the County of Jefferson, Florida, as of and for the year ended September 30, 2000, as listed in the table of contents. These financial statements are the responsibility of the County's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards and the standards generally accepted in the United States of America applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the combined financial statements referred to above present fairly, in all material respects, the financial position of the Board of County Commissioners of the County of Jefferson, Florida, as of September 30, 2000, and the results of its operations for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued a report dated February 27, 2001, on our consideration of the County's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grants. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be read in conjunction with this report in considering the results of our audit.

Our audit was made for the purpose of forming an opinion on the combined financial statements of the Board of County Commissioners of the County of Jefferson, Florida taken as a whole. The accompanying schedule of federal and state financial assistance, as required by the U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, and the combining and individual fund financial statements listed in the table of contents, as supplemental information, are not a required part of the financial statements. Such information has been subjected to the auditing procedures applied in the audit of the combined financial statements and, in our opinion, is fairly stated in all material respects in relation to the combined financial statements taken as a whole.

Board of County Commissioners**

**NOTES TO COMBINED FINANCIAL STATEMENTS**

**September 30, 2000**

**NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

The County of Jefferson, Florida legally exists under Article VIII of the Constitution of the State of Florida as a non-chartered County and operates under an elected County Commission (five members) and provides services to its more than 11,000 residents in many areas, including law enforcement, community enrichment and development, culture and recreation, and human services.

The Jefferson County Recreation Board and the Library Board are not considered part of the reporting entity of the Board of County Commissioners (BCC) because the BCC exercises no oversight responsibility and has no accountability for fiscal matters of those entities.

The Clerk of the Circuit Court, Supervisor of Elections, Tax Collector, Property Appraiser, and Sheriff constitute the other elected officials of the County and accordingly, their financial operations are included in the general purpose financial statements of the County as a whole and not the combined financial statements of the Board of County Commissioners.

The County operates under a budgetary system wherein the Board of County Commissioners adopts a budget each year for the overall financial operation of the County, to include the operations of each of the other elected officials. Any funds remaining in the various general funds of each elected official must revert to the Board of County Commissioners immediately after the end of each fiscal year. The primary sources of revenues of the County are ad valorem taxes, racing tax, state revenue sharing proceeds, federal grants, gasoline taxes and special assessments.

Under Florida Law, the assessment of all properties and the collection of all county, municipal and school board property taxes are consolidated in the offices of the County Property Appraiser and County Tax Collector. The laws of the State regulating tax assessment are also designed to assure a consistent property valuation method statewide. State statutes permit counties to levy property taxes at a rate of up to 10 mills. The tax levy of Jefferson County is established by the County Commission prior to October 1 of each year. The 1999 millage rate assessed by the County was 10 mills.

Board of County Commissioners**

**NOTES TO COMBINED FINANCIAL STATEMENTS - CONTINUED**

**September 30, 2000**

**NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED**

All property is reassessed according to its fair market value January 1 of each year. Each assessment roll is submitted to the Executive Director of the State Department of Revenue for review to determine if the rolls meet all of the appropriate requirements of State Statutes.

All taxes are due and payable on November 1 of each year, or as soon thereafter as the assessment roll is certified and delivered to the Tax Collector. All unpaid taxes become delinquent on April 1 following the year in which they are assessed. Discounts are allowed for early payment at the rate of 4% in the month of November, 3% in the month of December, 2% in the month of January and 1% in the month of February. The taxes paid in March are without discount.

Delinquent taxes on real property bear interest of 18% per year. On or prior to June 1 following the tax year, certificates are sold for all delinquent taxes on real property. After sale, tax certificates bear interest of 18% per year or at any lower rate bid by the buyer.

Application for a tax deed on any unredeemed tax certificates may be made by the certificate holder after a period of two years.

Delinquent taxes on personal property bear interest of 18% per year until the tax is satisfied either by seizure and sale of the property or by the five-year statute of limitations.

The County uses a modified accrual basis of accounting for all Agency and Governmental type funds. Under this method, expenditures are generally recorded on an accrual basis, i.e., when incurred, and revenues are recognized when they become measurable and available as net current assets. All significant assets and liabilities are accrued at year end to reflect these items in the proper budgetary period.

Acquisitions of general fixed assets are recorded in the various funds as expenditures when purchased and subsequently are recorded in the general fixed assets group of accounts at the

end of the year. All fixed assets are valued at historical cost or estimated historical cost if actual historical cost is not available. General fixed assets acquired by gift or contributed are recorded at their estimated fair market value in the general fixed assets group of accounts when acquired. The Board of County Commissioners' accounts for general fixed assets in a separate self-balancing general fixed asset account group. No depreciation has been provided on general fixed assets.

The purposes of the various funds and account groups are as follows:

**Governmental Fund Types**

General Funds - to account for all financial resources not properly accounted for in another fund.

Capital Projects Fund - to account for all internal general government type funds used for capital projects. Upon completion, finished projects are capitalized in the General Fixed Assets Account Group.

Special Revenue Funds - to account for the proceeds of specific revenue sources that are restricted by law or other administrative action to expenditure for specific purposes.

Debt Service Fund - to account for the accumulation of resources for, and the payment of general long-term debt principal and interest.

**Fiduciary Fund Types**

Agency Funds - to account for the assets held by a governmental unit as a trustee and/or agent for individuals, private organizations and other governmental units.

**Account Groups**

General Fixed Assets - to account for all fixed assets of the County.

General Long-Term Debt - to account for the unmatured principal for all obligations of the County.

**NOTE B - CASH AND INVESTMENTS**

All bank accounts of the Board are placed in banks that qualify as a public depository, as required by law (Florida Security For Public Deposits Act, Chapter 280, Florida Statutes).

Chapter 280 of the Florida Statutes, provides that qualified public depositories must maintain eligible collateral having a market value equal to 50% of the average daily balance for each month of all public deposits in excess of any applicable deposit insurance held by the depository during the twelve months immediately preceding the date of any computation of the balance. As such, the depository is not required to hold collateral in the county agency's name, nor specify which collateral is held for the county agency's benefit. The Public Deposit Security Trust Fund, as created under the laws of the State of Florida, would be required to pay the county agency for any deposits not covered by depository insurance or collateral pledged by the depository, as previously described.

The Board's carrying amount of cash deposits was \$2,055,903 and the bank balances were \$2,530,103 at September 30, 2000. These balances are considered to be 100% insured for risk disclosure purposes.

Investments are recorded at cost which approximates market value and are comprised of funds on deposit with the State Board of Administration and the State Treasurer's office which earn interest at variable rates.

**NOTE C - ACCOUNTS RECEIVABLE**

Accounts receivable are presented without the normal allowance for estimated uncollectible accounts because all accounts over two years old have been removed from the books by specific action of the Board of County Commissioners. Accordingly, the balance presented is considered to be fully collectible as of September 30, 2000 and no further allowance is considered necessary. Bad debt expense for the year was \$192,020.

**NOTES TO COMBINED FINANCIAL STATEMENTS - CONTINUED**

**September 30, 2000**

**NOTE D - INVENTORY OF SUPPLIES**

Inventories of supplies are recorded under the purchases method at cost as an expenditure in the County Transportation Trust Fund at the time of purchase. The ending monthly inventory value is recorded as an asset on the balance sheet with a related reserved fund balance which indicates that inventory does not constitute "available spendable resources" even though it is a component of net current assets. Cost is determined using the first-in, first-out method.

**NOTE E - CHANGES IN LONG-TERM DEBT ACCOUNT GROUP**

Items of equipment were acquired in prior years under various installment purchase obligations bearing interest at 5.5% to 5.84% per annum. These obligations require monthly and annual installments of various amounts and expire at various dates through March, 2010.

The County entered into an unsecured, demand note for \$370,000 with a local bank on February 8, 1999. The principal is payable on demand. Interest is payable semi-annually in August and February on the outstanding principal balance at a rate of 2% over the six month Treasury Bill rate (6.54% at September 30, 2000). Principal balance was \$260,000 on September 30, 2000.

The County issued its \$3,440,000 Jefferson County, Florida, Public Improvement Revenue Bond, Series 1999. The bond is dated October 20, 1999 and pays interest at 4.5% on September 1, 2000 and annually thereafter on each September 1. Principal is payable annually on September 1, 2001 and each September 1 thereafter in amounts varying from \$110,000 in 2001 up to \$253,000 on September 1, 2020. The Bond was issued to finance the cost of the acquisition, construction and equipping of a criminal justice facility under the authority of and in full compliance with the Constitution and laws of the State of Florida, particularly Chapter 125, Florida Statutes, Chapter 218, Part VI, Florida Statutes, Chapters 550 and 551, Florida Statutes, and other applicable provisions of the law, and a resolution duly adopted by the Jefferson County Board of County Commissioners on May 7, 1998, as amended and supplemented.

**NOTE E - CHANGES IN LONG-TERM DEBT ACCOUNT GROUP - CONTINUED**

The Bond and the interest thereon are payable solely from and secured by a lien upon and a pledge of (i) the amount of the local government half-cent sales tax distributed by the State to the Issuer, (ii) the amount of pari-mutual tax revenues distributed to the Issuer and (iii) until applied in accordance with the provisions of the Resolution, all moneys, including investments thereof, in the manner and to the extent described in the Resolution. It is expressly agreed by the Registered Holder of this Bond that the full faith and credit of the Issuer are not pledged to the payment of the principal of, premium, if any, and interest on this Bond and that such Holder shall never have the right to require or compel the exercise of any taxing power of the Issuer to the payment of such principal, premium, if any, and interest. This Bond and the obligation evidenced thereby shall not constitute a lien upon any property of the Issuer, but shall constitute a lien only on, and shall be payable solely from, the Pledged Funds.

**NOTE G - TOTAL COLUMNS ON COMBINED STATEMENTS - OVERVIEW**

Total columns captioned "Memorandum Only" indicate that they are presented only to facilitate financial analysis. Data in these columns do not present financial position, results of operations or cash flows in conformity with generally accepted accounting principles. Interfund eliminations have not been made in the aggregation of this data.

**NOTE H - RETIREMENT PROGRAM**

All regular employees of the County are covered by State-administered, cost-sharing multiple-employer public employee defined benefit retirement plans. Participating employers include all State departments, counties, district school boards, and community colleges. Many municipalities and special districts have elected to be participating employers. Employees who earn benefit credits while employed by one participating employer may transfer the credits to any other participating employer.

Essentially all regular employees of participating employers are eligible and must enroll as members of the Florida Retirement System. Generally, a member's retirement pension benefit vests after 10 years of service. Generally, members are eligible for normal retirement benefits at age 62 with 10 years of service or at any age after 30 years of service which may include up to 4 years of credit for military service. For normal retirement, benefit payments are based on the member's best 5-year average annual salary (average final compensation) times the number of years of service, multiplied by a percentage ranging from 1.60 percent at either age 62 or with 30 years of service to 1.68 percent at age 65 or with 33 years of service. Members may individually elect to receive decreased monthly benefits during their lifetime in order to provide survivor benefits to a spouse or dependent. Members are eligible for early retirement after 10 years of service but before age 62; however, normal benefits are reduced by 5 percent for each year a member retires before age 62.

NOTE H - RETIREMENT PROGRAM - CONTINUED

The Florida Retirement System provides benefits in addition to the retirement pension described previously. Benefits include post-retirement payments for health-care insurance, cost-of-living supplements and, for certain retirees, a supplement to cover social security benefits lost by virtue of retirement system membership. Members are eligible for in-line-of-duty disability benefits from their first day of employment and for regular (not in-line-of-duty) disability benefits after 10 years of service. Disability benefit payments are calculated in the same manner as retirement benefits, except that disability benefits are not less than 42 percent of the member's average final compensation for disability incurred in the line of duty and not less than 25 percent of average final compensation for regular disability. Survivors of members who die in the line of duty are entitled to a monthly benefit equal to one-half the member's monthly salary at death. Survivors of members whose death is other than in the line of duty may elect to either receive benefits as if the member had retired on the date of death and had opted to provide survivor benefits or defer benefits to a later date and receive payments as if the member had retired at that later date.

Benefits described above are in summary form and, accordingly, not all conditions, limitations, and restrictions are mentioned. Benefit provisions are established by Chapter 121 and 122, Florida Statutes; Chapter 112, Part IV, Florida Statutes; Chapter 238, Florida Statutes; and Florida Retirement System Rules, Chapter 60S, Florida Administrative Code, wherein benefits are defined and described in detail.

As of September 30, 2000 the contribution rates were as follows:

	<u>Percent of Gross Salary</u>	
	<u>Employee</u>	<u>Employer</u>
Florida Retirement System, Regular	0.00	9.15%
Florida Retirement System, County Elected Officers	0.00	16.99%

The County's 1999-2000 fiscal year payroll for all employees totaled \$2,032,304, including \$1,994,211 paid to employees who were members of the Florida Retirement System. Required contributions made to the Florida Retirement System in fiscal years ended September 30, 2000, 1999 and 1998 totaled \$248,324, \$315,229 and \$295,091, respectively.

NOTE H - RETIREMENT PROGRAM - CONTINUED

The Governmental Accounting Standards Board has established the actuarial present value of credited projected benefits as the standardized measure that a public employee retirement system such as the Florida Retirement System must use to determine the amount of its total pension benefit obligation. Use of a standardized method by public employee retirement systems enables financial statement readers to: (1) assess the funding status on a going-concern basis; (2) assess progress made in accumulating assets to pay benefits when due; and (3) make comparisons with other systems and other employers. The actuarial-present-value-of-credited-projected-benefits valuation method reflects the present value of estimated pension benefits that will be paid in future years as a result of employee member services performed to date and is adjusted for the effects of projected salary increases.

The total unfunded actuarial accrued liability of the Florida Retirement System as of July 1, 2000 was as follows:

	<u>(In Billions)</u>
Total actuarial accrued liability	\$74.949
Less, actuarial value of assets	<u>88.503</u>
Unfunded actuarial accrued liability	<u>\$(13.554)</u>

Measurement of the above items is based on an actuarial valuation as of July 1, 2000.

The County's 1999-2000 fiscal year required contribution to the Florida Retirement System represents a negligible percent of the total current-year actuarially determined contribution requirements for all participating employers.

Ten-year historical trend information is presented in the annual financial report of the Florida Retirement System. The information is useful in assessing the accumulation of assets to pay pension benefits as they become due.

During the 1999-2000 fiscal year and as of June 30, 2000, the Florida Retirement System held no securities issued by the County.

**NOTE J - EMPLOYEE VACATION AND SICK LEAVE**

Employees of the Board of County Commissioners are granted ten days per year of annual leave. Annual leave may not be accumulated over ten days. Upon termination of employment, the employee can receive a cash benefit based upon the employee's current wage rate and the annual leave not taken.

Sick leave is granted at the same rate as annual leave with a thirty day maximum accumulation. Employees who have ten years of service or longer can receive a cash benefit of 25% of accumulated sick leave upon termination.

The Board does not accrue a liability for annual/sick leave cash benefits because the amount cannot be reasonably estimated and it will not be liquidated with current resources.

**NOTE L - ROAD BONDS ADMINISTERED BY THE STATE OF FLORIDA**

On September 9, 1992 the State of Florida issued \$3,600,000 of State of Florida, Full Faith and Credit, Jefferson County Road Bonds, Series 1992 through the Division of Bond Finance of the State Board of Administration. The bonds, dated September 1, 1992, are full faith and credit obligations of the State of Florida.

The bonds are payable primarily from and are secured by the Pledged Constitutional Gasoline Tax Funds accruing to Jefferson County, Florida. The Pledged Constitutional Gasoline Tax Funds consist of the 80% and 20% portions of the surplus constitutional gasoline tax funds accruing each year to Jefferson County under the provisions of Section 9(c) of Article XII of the Constitution of Florida. No other local revenues nor the general credit of Jefferson County, Florida is pledged on this bond issue.

The State Board of Administration is responsible for collecting the pledged gasoline tax revenues, providing debt service for the bond issue, maintaining debt service funds and accounts for this bond issue. These bonds and the related debt service activities have been deemed to not be liabilities of Jefferson County for the before mentioned reasons. The pledged gasoline tax revenues are accounted for in the debt service fund of the County.

The County had an arbitrage rebate liability of \$-0- as of October 1, 2000.

Information regarding the bond issue is as follows:

**NOTE M - RESERVED FUND BALANCES**

The nature and purpose of the reserved fund balances presented are as follows:

Special Revenue Funds:

County Transportation Trust Fund - Reserve for inventory of supplies	\$178,887
Fine and Forfeiture Fund - Reserve for special law enforcement fund, court education fund and communications trust fund	<u>318,089</u>
	<u>\$496,976</u>

Capital Projects Fund - Reserve for road construction \$464,552

Debt Service Fund - Reserve for debt service \$535,918

The reserve for debt service in the debt service fund does not relate to the debt reflected in the general long-term debt account group because the reserve for debt service is the accumulation of pledged gasoline tax revenues discussed in the note above.

**NOTE N - CONSTRUCTION COMMITMENTS**

The Board of County Commissioners approved \$3,600,000 of Jefferson County Road Bonds issued through the Division of Bond Finance of the State Board of Administration in 1992. These funds are to be used to pave specific roads in the County. The County has spent approximately \$3,130,392 of these funds on road construction and improvements to date.

The County was required by State Law to close its landfill which has no further capacity as of September 30, 1994. The postclosure cost of maintenance, monitoring and testing is expected to be \$117,669 per year for the next 20 years. The above estimate of postclosure costs is based upon information provided by environmental engineers and consultants under contract with the County. The landfill fund is a special revenue fund maintained by the County to accumulate the assets necessary to fund the postclosure liabilities referenced above. The County maintains an escrow account to fund postclosure costs annually.

**REPORT ON COMPLIANCE AND ON INTERNAL CONTROL  
OVER FINANCIAL REPORTING BASED ON AN AUDIT OF  
FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE  
WITH *GOVERNMENT AUDITING STANDARDS***

To the Honorable Members of the  
Board of County Commissioners  
Jefferson County, Florida

We have audited the combined financial statements of the Board of County Commissioners of Jefferson County, Florida, as of and for the year ended September 30, 2000, and have issued our report thereon dated February 27, 2001. We conducted our audit in accordance with generally accepted auditing standards and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Compliance

As part of obtaining reasonable assurance about whether the Board of County Commissioners of Jefferson County, Florida's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grants, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance that are required to be reported under *Government Auditing Standards*.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the Board of County Commissioners of Jefferson County, Florida's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control over financial reporting. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal

control over financial reporting that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over financial reporting and its operation that we consider to be material weaknesses.

This report is intended for the information of the board of county commissioners, management and federal awarding agencies and pass-through entities. However, this report is a matter of public record and its distribution is not limited.

**REPORT ON COMPLIANCE WITH REQUIREMENTS APPLICABLE TO  
EACH MAJOR PROGRAM AND INTERNAL CONTROL OVER COMPLIANCE IN  
ACCORDANCE WITH OMB CIRCULAR A-133**

To the Honorable Members of  
the Board of County Commissioners  
Jefferson County, Florida

Compliance

We have audited the compliance of the Board of County Commissioners of Jefferson County, Florida, with the types of compliance requirements described in the *U.S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement* that are applicable to each of its major federal programs for the year ended September 30, 2000. The Board of County Commissioners of Jefferson County, Florida's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts and grant applicable to each of its major federal programs is the responsibility of the Board of County Commissioners. Our responsibility is to express an opinion on the Board's compliance based on our audit.

We conducted our audit of compliance in accordance with generally accepted auditing standards; the standards applicable to financial audits contained in *Government auditing Standards*, issued by the Comptroller General of the United States; OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, and the provisions of the Public and Indian Housing Compliance Supplement dated May 29, 1996. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the Board's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on the Board of County Commissioners of Jefferson County, Florida's compliance with those requirements.

In our opinion, the Board of County Commissioners of Jefferson County, Florida complied, in all material respects, with the requirements referred to above that are applicable to each of its major federal programs for the year ended September 30, 2000. However, the results of our auditing procedures disclosed instances of noncompliance with those requirements that are required to be reported in accordance with OMB Circular A-133 and which are described in the accompanying schedule of findings and questioned costs as items XI-1.

### Internal Control over Compliance

The Board of County Commissioners of Jefferson County, Florida is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts and grants applicable to federal programs. In planning and performing our audit, we considered the Board of County Commissioners of Jefferson County, Florida internal control over compliance with requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133.

Our consideration of the internal control over compliance would not necessarily disclose all matters in the internal control that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that noncompliance with applicable requirements of laws, regulations, contracts and grants that would be material in relation to a major federal program being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over compliance and its operation that we consider to be material weaknesses.

This report is intended for the information of the board of county commissioners, management and federal awarding agencies and pass-through entities. However, this report is a matter of public record and its distribution is not limited.

**INDEPENDENT AUDITORS' REPORT**

The Board of County Commissioners and  
The Honorable Carl D. Boatwright,  
Clerk of the Circuit Court  
The County of Jefferson, Florida

We have audited the combined balance sheet of the Clerk of the Circuit Court of Jefferson County, Florida as of September 30, 2000 and the related statements of revenues, expenditures and changes in fund balance of the general fund and cash receipts, disbursements and balances of the agency funds for the year then ended. These financial statements are the responsibility of the Clerk of the Circuit Court of Jefferson County, Florida. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above, present fairly, in all material respects, the financial position of the Clerk of the Circuit Court of Jefferson County, Florida, as of September 30, 2000, and the results of operations of the general fund and the recorded cash transactions of the agency funds for the year then ended, in conformity with generally accepted accounting principles.

In accordance with Government Auditing Standards, we have also issued a report dated December 29, 2000 on our consideration of the Clerk of the Circuit Court's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grants.

**NOTES TO FINANCIAL STATEMENTS**

**September 30, 2000**

**NOTE 1 - REPORTING ENTITY**

Jefferson County, Florida is a political subdivision of the State of Florida. It is governed by an elected Board of County Commissioners (the Board). The Board is responsible for the administration of all departments pursuant to the general laws of Florida.

The Jefferson County Clerk of the Circuit Court (Clerk) is an elected official of Jefferson County, Florida pursuant to the Constitution of the State of Florida, Article VIII, Section 1(d), and is a part of the primary government of Jefferson County, Florida. The Jefferson County Clerk is responsible for the administration and operation of the Clerk's office, and the Jefferson County Clerk's financial statements do not include the financial statements of the Board or the other Constitutional Officers of Jefferson County, Florida.

The Clerk funds his operations as a Budget and Fee Officer pursuant to Florida Statutes Chapters 28, 129, 145 and 218. As a Budget and Fee Officer, the operations as Clerk are approved and funded by the Board. The budgeted receipts from the Board and fees collected are recorded as revenue on the Clerk's financial statements. Any excess of revenues over expenditures are remitted to the Board at year end.

**NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

The accounting policies of the Jefferson County Clerk conform to generally accepted accounting principles (GAAP), as applicable to governments. The following is a summary of significant accounting principles and policies used in the preparation of these financial statements.

**Fund Accounting**

The accounts of the Jefferson County Clerk are organized on the basis of funds, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund equity, revenues and expenditures, as appropriate. Government resources are allocated to, and accounted for, in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled. The purposes of the Clerk's funds are as follows:

Clerk of the Circuit Court

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

**NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**Fund Accounting (Concluded)**

■ **Governmental Fund:**

**General Fund** - The general fund is the general operating fund of the Jefferson County Clerk. It is used to account for all financial resources, except for those required to be accounted for in another fund.

■ **Fiduciary Funds:**

**Agency Funds** - The agency funds are used to account for assets held by the Jefferson County Clerk as an agent for individuals, private organizations, other governments and/or other funds.

**Measurement Focus**

■ **Governmental Fund Type** - The general fund is accounted for on a "spending" or "financial flow" measurement focus. This means that only current assets and current liabilities are generally included on the balance sheet. Accordingly, the reported undesignated fund balances (net current assets) are considered a measure of available, spendable or appropriable resources. Governmental fund type operating statements present increases (revenues and other financing sources) and decreases (expenditures and other financing uses) in net current assets.

■ **Fiduciary Fund Types** - The agency funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations.

**Basis of Accounting**

Basis of accounting refers to when revenues and expenditures or expenses are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurements made, regardless of the measurement focus applied.

**NOTES TO FINANCIAL STATEMENTS (CONTINUED)**

**September 30, 2000**

**NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**Basis of Accounting (Concluded)**

The governmental fund and all agency funds are accounted for using the modified accrual basis of accounting. Under this method, revenue is recognized when it becomes measurable and available as net current assets. Expenditures are generally recognized under the modified accrual basis of accounting when the related fund liability is incurred.

**Budgetary Requirements**

General governmental revenues and expenditures accounted for in budgetary funds are controlled by a formal integrated budgetary accounting system in accordance with the Florida Statutes. An annual budget is adopted for the general fund. All budget amounts presented in the accompanying financial statements have been adjusted for legally authorized amendments of the annual budget for the year. Budgets are prepared on the modified accrual (GAAP) basis of accounting.

The Jefferson County Clerk's annual budget is monitored at varying levels of classification detail. However, for purposes of budgetary control, expenditures cannot legally exceed the total annual budget appropriations at the individual fund level. All appropriations lapse at year end.

**Fixed Assets**

General fixed assets are recorded as expenditures in the general fund at the time an asset is acquired. Assets acquired by the Clerk are capitalized at cost in the Board's general fixed asset account group in accordance with Florida Statutes.

**Memorandum Column**

The column captioned "Totals Memorandum Only" is presented only to facilitate financial analysis. Data in this column does not present financial position, results of operations, or changes in financial position in conformity with generally accepted accounting principles. Neither is such data comparable to a consolidation. Interfund eliminations have not been made in the aggregation of this data.

**Encumbrances**

Encumbrance accounting under which purchase orders, contracts and other commitments for the expenditures of monies are recorded in order to reserve that portion of the applicable appropriation, is employed as an extension of formal budgetary integration in the general fund. There were no encumbrances outstanding at year end.

**NOTE 3 - CASH**

**Cash Deposits**

At September 30, 2000, the carrying amount of the Jefferson County Clerk's deposits was \$243,768 and the bank balance was \$495,935. Deposits in banks and thrift institutions are collateralized as public funds through a state procedure provided for in Chapter 280, Florida Statutes. Financial institutions qualifying as public depositories are required to pledge eligible collateral calculated according to formulas established by Chapter 280. The Public Deposit Security Trust Fund has a procedure to allocate and recover losses in the event of a default or insolvency. When public deposits are made in accordance with Chapter 280, no public depositor shall be liable for any loss thereof. All of the cash deposits of the Jefferson County Clerk of the Circuit Court were placed with the State Board of Administration and local banks under banking services agreements and are classified as category one credit risk, which means they are insured or collateralized.

**NOTE 4 - EMPLOYEE BENEFITS**

**Pension Plan**

In accordance with Florida law, the Jefferson County Clerk of the Circuit Court participates in the Florida Retirement System (the System), which presently covers all qualified Jefferson County Clerk's employees. This System was created by the Florida Legislature and is administered by the State of Florida, Department of Administration, Division of Retirement and is a cost-sharing, multi-employer defined benefit public retirement plan available to governmental units within the State of Florida. The payroll for the Jefferson County Clerk's employees covered by the System was \$283,267. The total payroll for the year ended September 30, 2000 was \$285,184.

**REPORT ON COMPLIANCE AND ON INTERNAL CONTROL  
OVER FINANCIAL REPORTING BASED ON AN AUDIT OF FINANCIAL  
STATEMENTS PERFORMED IN ACCORDANCE WITH  
GOVERNMENT AUDITING STANDARDS**

To the Honorable Carl D. Boatwright  
Clerk of the Circuit Court  
Jefferson County, Florida

We have audited the financial statements of the Clerk of the Circuit Court of Jefferson County, Florida as of and for the year ended September 30, 2000, and have issued our report thereon dated December 29, 2000. We conducted our audit in accordance with generally accepted auditing standards and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Compliance

As part of obtaining reasonable assurance about whether the Clerk of the Circuit Court of Jefferson County, Florida's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grants, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance that are required to be reported under *Government Auditing Standards*.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the Clerk of the Circuit Court of Jefferson County, Florida's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control over financial reporting. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal

control over financial reporting that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over financial reporting and its operation that we consider to be material weaknesses.

This report is intended for the information of the Clerk of the Circuit Court, Board of County Commissioners and State Auditor General. However, this report is a matter of public record, and its distribution is not limited.

**INDEPENDENT AUDITORS' REPORT**

The Board of County Commissioners  
and The Honorable Donna Warren,  
Supervisor of Elections  
The County of Jefferson, Florida

We have audited the combined balance sheet of the Supervisor of Elections of Jefferson County, Florida, as of September 30, 2000 and the related statement of revenues, expenditures and changes in fund balance of the general fund and cash receipts, disbursements and balance of the agency fund for the year then ended. These financial statements are the responsibility of the Supervisor of Elections of Jefferson County, Florida. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above, present fairly, in all material respects, the financial position of the Supervisor of Elections of Jefferson County, Florida, as of September 30, 2000, and the results of operations of the general fund and the recorded cash transactions of the agency fund for the year then ended, in conformity with generally accepted accounting principles.

**NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**Fund Accounting** (Continued)

■ **Governmental Fund:**

Budgets are prepared on the modified accrual (GAAP) basis of accounting.

The Jefferson County Supervisor's annual budget is monitored at varying levels of classification detail. However, for purposes of budgetary control, expenditures cannot legally exceed the total annual budget appropriations at the individual fund level. All appropriations lapse at year end.

**REPORT ON COMPLIANCE AND ON INTERNAL CONTROL  
OVER FINANCIAL REPORTING BASED ON AN AUDIT OF FINANCIAL  
STATEMENTS PERFORMED IN ACCORDANCE WITH  
GOVERNMENT AUDITING STANDARDS**

To the Honorable Donna Warren  
Supervisor of Elections  
Jefferson County, Florida

We have audited the financial statements of the Supervisor of Elections of Jefferson County, Florida as of and for the year ended September 30, 2000, and have issued our report thereon dated December 7, 2000. We conducted our audit in accordance with generally accepted auditing standards and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Compliance

As part of obtaining reasonable assurance about whether the Supervisor of Elections of Jefferson County, Florida's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grants, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance that are required to be reported under *Government Auditing Standards*.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the Supervisor of Elections of Jefferson County, Florida's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control over financial reporting. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control over financial reporting that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components

does not reduce to a relatively low level the risk that misstatements in amounts that would be a material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over financial reporting and its operation that we consider to be material weaknesses.

This report is intended for the information of the Supervisor of Elections, Board of County Commissioners and State Auditor General. However, this report is a matter of public record and its distribution is not limited.

**INDEPENDENT AUDITORS' REPORT**

The Board of County Commissioners  
and The Honorable David W. Ward  
Property Appraiser  
The County of Jefferson, Florida

We have audited the combined balance sheet of the Property Appraiser of Jefferson County, Florida, as of September 30, 2000 and the related statements of revenues, expenditures and changes in fund balance of the general fund and cash receipts, disbursements and balance of the agency fund for the year then ended. These financial statements are the responsibility of the Property Appraiser of Jefferson County, Florida. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above, present fairly, in all material respects, the financial position of the Property Appraiser of Jefferson County, Florida, as of September 30, 2000, and the results of operations of the general fund and the recorded cash transactions of the agency fund for the year then ended, in conformity with generally accepted accounting principles.

We have issued our Report on Compliance and on Internal Control over Financial Reporting Based on an Audit of Financial Statements Performed in Accordance with Government Auditing Standards dated November 7, 2000. Disclosures in this report, if any, should be considered in conjunction with this management letter.

We conducted our audit in accordance with generally accepted auditing standards, and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Additionally, our audit was conducted in accordance with the provisions of Chapter 10.550, Rules of the Auditor General, which govern the conduct of local governmental entity audits performed in the State of Florida and require that certain items be addressed in this letter.

The Rules of the Auditor General (Section 10.554 (1)(e)1a.) require that we comment as to whether or not inaccuracies, shortages, defalcations, fraud, and/or violations of laws, rules, regulations and contractual provisions reported in the preceding annual financial audit report have been corrected. There were no inaccuracies, irregularities, shortages, defalcations, fraud, and/or violations of laws, rules, regulations and contractual provisions disclosed in the preceding annual financial audit report.

The Rules of the Auditor General (Section 10.554 (1)(e)1b.) require that we comment as to whether or not recommendations made in the preceding annual financial audit report have been followed. There were no recommendations made in the preceding annual financial audit report.

As required by the Rules of the Auditor General (Section 10.554 (1)(e)2.), the scope of our audit included a review of the provisions of Section 218.503(1), Florida Statutes, "Determination of Financial Emergency." In connection with our audit, we determined that the Jefferson County, Florida, Property Appraiser, is not in a state of financial emergency as a consequence of the conditions described in Section 218.503(1), Florida Statutes.

As required by the Rules of the Auditor General (Section 10.554 (1)(e)3.), we determined that the financial information for the Jefferson County, Florida, Property Appraiser, for the fiscal year ended September 30, 2000, included in the combined Jefferson County financial report filed with the Department of Banking Finance pursuant to Section 218.32(1)(a), Florida Statutes, is in agreement with the annual financial audit report for the fiscal year ended September 30, 2000.

Our audit did not disclose any matters required to be disclosed by Rules of the Auditor General (Sections 10.554(1)(e) 6., 7., 8a., 8b., 8c.).

This management letter is intended for the information of the Jefferson County, Florida, Property Appraiser and management, and the State of Florida Office of the Auditor General. However, this report is a matter of public record and its distribution is not limited.

**REPORT ON COMPLIANCE AND ON INTERNAL CONTROL  
OVER FINANCIAL REPORTING BASED ON AN AUDIT OF FINANCIAL  
STATEMENTS PERFORMED IN ACCORDANCE WITH  
GOVERNMENT AUDITING STANDARDS**

To the Honorable David W. Ward  
Property Appraiser  
Jefferson County, Florida

We have audited the financial statements of the Property Appraiser of Jefferson County, Florida as of and for the year ended September 30, 2000, and have issued our report thereon dated November 7, 2000. We conducted our audit in accordance with generally accepted auditing standards and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Compliance

As part of obtaining reasonable assurance about whether the Property Appraiser of Jefferson County, Florida's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grants, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance that are required to be reported under *Government Auditing Standards*.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the Property Appraiser of Jefferson County, Florida's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control over financial reporting. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control over financial reporting that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not

reduce to a relatively low level the risk that misstatements in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over financial reporting and its operation that we consider to be material weaknesses.

This report is intended for the information of the Property Appraiser, Board of County Commissioners and State Auditor General. However, this report is a matter of public record and its distribution is not limited.

**INDEPENDENT AUDITORS' REPORT**

The Board of County Commissioners  
and the Honorable Frances H. Walker,  
Tax Collector  
The County of Jefferson, Florida

We have audited the combined balance sheet of the Tax Collector of Jefferson County, Florida, as of September 30, 2000, and the related statements of revenues, expenditures and changes in fund balance of the general fund and cash receipts, disbursements and balances of the agency funds for the year then ended. These financial statements are the responsibility of the Tax Collector of Jefferson County, Florida. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards and the standards applicable in financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Tax Collector of Jefferson County, Florida, as of September 30, 2000, and the results of operations of the general fund and the recorded cash transactions of the agency funds for the year then ended in conformity with generally accepted accounting principles.

In accordance with Government Auditing Standards, we have also issued a report dated November 1, 2000 on our consideration of the Jefferson County, Florida Tax Collector's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grants.

**NOTES TO FINANCIAL STATEMENTS**

**September 30, 2000**

**NOTE 1 - REPORTING ENTITY**

Jefferson County, Florida is a political subdivision of the State of Florida. It is governed by an elected Board of County Commissioners (the Board). The Board is responsible for the administration of all departments pursuant to the general laws of Florida.

The Jefferson County Tax Collector is an elected official of Jefferson County, Florida pursuant to the Constitution of the State of Florida, Article VIII, Section 1(d), and is a part of the primary government of Jefferson County, Florida. The Jefferson County Tax Collector is responsible for the administration and operation of the Tax Collector's office, and the Jefferson County Tax Collector's financial statements do not include the financial statements of the Board or the other Constitutional Officers of Jefferson County, Florida.

The Jefferson County Tax Collector funds her operations as a Budget Officer pursuant to Florida Statutes Chapters 195, 145 and 129. As a Budget Officer, the operations as Tax Collector are approved and funded by the Board. The budgeted receipts from the Board are recorded as revenue on the Tax Collector's financial statements. Any excess of revenues received over expenditures are remitted to the Board at year end.

**NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

The accounting policies of the Jefferson County Tax Collector conform to generally accepted accounting principles (GAAP), as applicable to governments. The following is a summary of significant accounting principles and policies used in the preparation of these financial statements.

**Fund Accounting**

The accounts of the Jefferson County Tax Collector are organized on the basis of funds, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund equity, revenues and expenditures, as appropriate. Government resources are allocated to, and accounted for, in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled. The purposes of the Jefferson County Tax Collector's funds are as follows:

**NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**Fund Accounting** (Continued)

■ **Governmental Fund:**

**General Fund** - The general fund is the general operating fund of the Jefferson County Tax Collector. It is used to account for all financial resources, except for those required to be accounted for in another fund.

■ **Fiduciary Funds:**

**Agency Funds** - The agency funds are used to account for assets held by the Jefferson County Tax Collector as an agent for individuals, private organizations, other governments and/or other funds.

**Measurement Focus**

■ **Governmental Fund Type** - The general fund is accounted for on a "spending" or "financial flow" measurement focus. This means that only current assets and current liabilities are generally included on the balance sheet. Accordingly, the reported undesignated fund balances (net current assets) are considered a measure of available, spendable or appropriable resources. Governmental fund type operating statements present increases (revenues and other financing sources) and decreases (expenditures and other financing uses) in net current assets.

■ **Fiduciary Fund Types** - The agency funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations.

**Basis of Accounting**

Basis of accounting refers to when revenues and expenditures or expenses are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurements made, regardless of the measurement focus applied.

**NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**Basis of Accounting (Continued)**

All governmental fund and agency funds are accounted for using the modified accrual basis of accounting. Under this method, revenue is recognized when it becomes measurable and available as net current assets. Expenditures are generally recognized under the modified accrual basis of accounting when the related fund liability is incurred.

**Budgetary Requirements**

General governmental revenues and expenditures accounted for in budgetary funds are controlled by a formal integrated budgetary accounting system in accordance with Florida Statutes. An annual budget is adopted for the general fund. All budget amounts presented in the accompanying financial statements have been adjusted for legally authorized amendments of the annual budget for the year. Budgets are prepared on the modified accrual (GAAP) basis of accounting.

The Jefferson County Tax Collector's annual budget is monitored at varying levels of classification detail. However, for purposes of budgetary control, expenditures cannot legally exceed the total annual budget appropriations at the individual fund level. All appropriations lapse at year end.

**Fixed Assets**

General fixed assets are recorded as expenditures in the general fund at the time an asset is acquired. Assets acquired by the Jefferson County Tax Collector are capitalized at cost in the Board's general fixed asset account group in accordance with Florida Statutes.

**Memorandum Column**

The column captioned "Totals Memorandum Only" is presented only to facilitate financial analysis. Data in this column does not present financial position, results of operations, or changes in financial position in conformity with generally accepted accounting principles. Neither is such data comparable to a consolidation. Interfund eliminations have not been made in the aggregation of this data.

**Encumbrances**

Encumbrance accounting under which purchase orders, contracts and other commitments for the expenditures of monies are recorded in order to reserve that portion of the applicable appropriation, is employed as an extension of formal budgetary integration in the general fund. There were no encumbrances outstanding at year end.

The Public Deposit Security Trust Fund has a procedure to allocate and recover losses in the event of a default or insolvency. When public deposits are made in accordance with Chapter 280, no public depositor shall be liable for any loss thereof. All of the cash deposits of the Jefferson County Tax Collector were placed with local banks under banking services agreements and are classified as category one credit risk, which means they are insured or collateralized.

**REPORT ON COMPLIANCE AND ON INTERNAL CONTROL  
OVER FINANCIAL REPORTING BASED ON AN AUDIT OF FINANCIAL  
STATEMENTS PERFORMED IN ACCORDANCE WITH  
*GOVERNMENT AUDITING STANDARDS***

To the Honorable Frances H. Walker  
Tax Collector  
Jefferson County, Florida

We have audited the financial statements of the Tax Collector of Jefferson County, Florida as of and for the year ended September 30, 2000, and have issued our report thereon dated November 1, 2000. We conducted our audit in accordance with generally accepted auditing standards and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Compliance

As part of obtaining reasonable assurance about whether the Tax Collector of Jefferson County, Florida's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grants, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance that are required to be reported under *Government Auditing Standards*.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the Tax Collector of Jefferson County, Florida's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control over financial reporting. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control over financial reporting that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not

reduce to a relatively low level the risk that misstatements in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over financial reporting and its operation that we consider to be material weaknesses.

This report is intended for the information of the Tax Collector, Board of County Commissioners and State Auditor General. However, this report is a matter of public record and its distribution is not limited.

**INDEPENDENT AUDITORS' REPORT**

The Board of County Commissioners  
and the Honorable Kenneth W.  
Fortune, Sheriff  
The County of Jefferson, Florida

We have audited the combined balance sheet of the Sheriff of Jefferson County, Florida, as of September 30, 2000, and the related statements of revenues, expenditures and changes in fund balance of the general fund and cash receipts, disbursements and balances of the agency funds for the year then ended. These financial statements are the responsibility of the Sheriff of Jefferson County, Florida. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Sheriff of Jefferson County, Florida, as of September 30, 2000, and the results of its operations of the general fund and the recorded cash transactions of the agency funds for the year then ended in conformity with generally accepted accounting principles.

In accordance with Government Auditing Standards, we have also issued our report dated November 29, 2000 on our consideration of the Jefferson County, Florida Sheriff's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grants.

**NOTES TO FINANCIAL STATEMENTS**

**September 30, 2000**

**NOTE 1 - REPORTING ENTITY**

Jefferson County, Florida is a political subdivision of the State of Florida. It is governed by an elected Board of County Commissioners (the Board). The Board is responsible for the administration of all departments pursuant to the general laws of Florida.

The Jefferson County Sheriff is an elected official of Jefferson County, Florida pursuant to the Constitution of the State of Florida, Article VIII, Section 1(d), and is a part of the primary government of Jefferson County, Florida. The Jefferson County Sheriff is responsible for the administration and operation of the Sheriff's office, and the Jefferson County Sheriff's financial statements do not include the financial statements of the Board or the other Constitutional Officers of Jefferson County, Florida.

The Jefferson County Sheriff funds his operations as a Budget Officer pursuant to Florida Statutes Chapters 30 and 129. As a Budget Officer, the operations as Sheriff are approved and funded by the Board. The budgeted receipts from the Board are recorded as revenue on the Sheriff's financial statements. Any excess of revenues received over expenditures are remitted to the Board at year end.

**NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

The accounting policies of the Jefferson County Sheriff conform to generally accepted accounting principles (GAAP), as applicable to governments. The following is a summary of significant accounting principles and policies used in the preparation of these financial statements.

**Fund Accounting**

The accounts of the Jefferson County Sheriff are organized on the basis of funds, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund equity, revenues and expenditures, as appropriate. Government resources are allocated to, and accounted for, in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled. The purposes of the Jefferson County Sheriff's funds are as follows:

**NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**Fund Accounting** (Continued)

■ **Governmental Fund:**

**General Fund** - The general fund is the general operating fund of the Jefferson County Sheriff. It is used to account for all financial resources, except for those required to be accounted for in another fund.

■ **Fiduciary Funds:**

**Agency Funds** - The agency funds are used to account for assets held by the Jefferson County Sheriff as an agent for individuals, private organizations, other governments and/or other funds.

**Measurement Focus**

■ **Governmental Fund Type** - The general fund is accounted for on a "spending" or "financial flow" measurement focus. This means that only current assets and current liabilities are generally included on the balance sheet. Accordingly, the reported undesignated fund balances (net current assets) are considered a measure of available, spendable or appropriable resources. Governmental fund type operating statements present increases (revenues and other financing sources) and decreases (expenditures and other financing uses) in net current assets.

■ **Fiduciary Fund Types** - The agency funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations.

**Basis of Accounting**

Basis of accounting refers to when revenues and expenditures or expenses are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurements made, regardless of the measurement focus applied.

**NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**Basis of Accounting** (Continued)

All governmental funds are accounted for using the modified accrual basis of accounting. Under this method, revenue is recognized when it becomes measurable and available as net current assets. Expenditures are generally recognized under the modified accrual basis of accounting when the related fund liability is incurred. Agency funds are accounted for using the cash receipts and disbursements basis of accounting.

**Budgetary Requirements**

General governmental revenues and expenditures accounted for in budgetary funds are controlled by a formal integrated budgetary accounting system in accordance with the Florida Statutes. An annual budget is adopted for the general fund. All budget amounts presented in the accompanying financial statements have been adjusted for legally authorized amendments of the annual budget for the year. Budgets are prepared on the modified accrual (GAAP) basis of accounting.

The Jefferson County Sheriff's annual budget is monitored at varying levels of classification detail. However, for purposes of budgetary control, expenditures cannot legally exceed the total annual budget appropriations at the individual fund level. All appropriations lapse at year end.

**Fixed Assets**

General fixed assets are recorded as expenditures in the general fund at the time an asset is acquired. Assets acquired by the Jefferson County Sheriff are capitalized at cost in the general fixed asset account group in accordance with Florida Statutes.

**Memorandum Column**

The column captioned "Totals Memorandum Only" is presented only to facilitate financial analysis. Data in this column does not present financial position, results of operations, or changes in financial position in conformity with generally accepted accounting principles. Neither is such data comparable to a consolidation. Interfund eliminations have not been made in the aggregation of this data.

**NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**Encumbrances**

Encumbrance accounting under which purchase orders, contracts and other commitments for the expenditures of monies are recorded in order to reserve that portion of the applicable appropriation, is employed as an extension of formal budgetary integration in the general fund. There were no encumbrances outstanding at year end.

**NOTE 3 - CASH**

**Cash Deposits**

At September 30, 2000, the carrying amount of the Jefferson County Sheriff's deposits was \$250,089 and the bank balance was \$716,379. Deposits in banks and thrift institutions are collateralized as public funds through a state procedure provided for in Chapter 280, Florida Statutes. Financial institutions qualifying as public depositories are required to pledge eligible collateral calculated according to formulas established by Chapter 280. The Public Deposit Security Trust Fund has a procedure to allocate and recover losses in the event of a default or insolvency. When public deposits are made in accordance with Chapter 280, no public depositor shall be liable for any loss thereof. All of the cash deposits of the Jefferson County Sheriff were placed with a local bank under a banking services agreement and are classified as category one credit risk, which means they are insured or collateralized.

**NOTE 4 - EMPLOYEE BENEFITS**

**Pension Plan**

In accordance with Florida law, the Jefferson County Sheriff participates in the Florida Retirement System (the System), which presently covers all qualified Jefferson County Sheriff employees. This System was created by the Florida Legislature and is administered by the State of Florida, Department of Administration, Division of Retirement and is a cost-sharing, multi-employer defined benefit public retirement plan available to governmental units within the State of Florida. The payroll for the Jefferson County Sheriff employees covered by the System was \$1,108,679. The total payroll for the year ended September 30, 2000 was \$1,116,777.

**NOTE 4 - EMPLOYEE BENEFITS (Continued)**

All eligible employees of the Jefferson County Sheriff participate in the System. The System provides vesting of benefits after ten years (eight years for elected officials) of creditable service. Members are eligible for normal retirement after they have met one of the following: 1) after thirty years of service, regardless of age; 2) ten years (eight years for elected officials) of service and age 62; or 3) twenty-five years special risk service (age 55 if not continuous). Early retirement may be taken any time after completing ten years of service (eight years for elected officials); however, there is a 5% benefit reduction for each year prior to normal retirement. Benefits are computed on the basis of age, average final compensation and service credit. Average final compensation is the average of the five highest years of earnings. The System also provides death and disability benefits. Benefits are established by Florida Statutes.

The funding methods and the determination of benefits payable are provided in various acts of the Florida Legislature. These acts provide that employers, such as the Jefferson County Sheriff, are required to contribute 9.15% of the compensation for regular members, 20.29% for high risk employees, and 16.99% for elected officials. During the year ended September 30, 2000, the Jefferson County Sheriff contributed \$206,463 to the System for covered employees, which represents 18.62% of covered payroll.

Historical information showing the System's progress in accumulating sufficient assets to pay benefits when due is presented in the comprehensive annual financial report of the State of Florida for the fiscal year ended June 30, 2000.

**NOTE 5 - GENERAL FIXED ASSETS**

All items of property and equipment are recorded at cost. Generally accepted accounting principles do not require depreciation of general fixed assets. The following table summarizes changes in components of the general fixed assets account group:

**REPORT ON COMPLIANCE AND ON INTERNAL CONTROL  
OVER FINANCIAL REPORTING BASED ON AN AUDIT OF FINANCIAL  
STATEMENTS PERFORMED IN ACCORDANCE WITH  
*GOVERNMENT AUDITING STANDARDS***

To the Honorable Kenneth W. Fortune  
Sheriff  
Jefferson County, Florida

We have audited the financial statements of the Sheriff of Jefferson County, Florida as of and for the year ended September 30, 2000, and have issued our report thereon dated November 29, 2000. We conducted our audit in accordance with generally accepted auditing standards and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Compliance

As part of obtaining reasonable assurance about whether the Sheriff of Jefferson County, Florida's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grants, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance that are required to be reported under *Government Auditing Standards*. However, we did note certain immaterial instances of noncompliance that we have reported to the Sheriff in a separate letter dated November 29, 2000.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the Sheriff of Jefferson County, Florida's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control over financial reporting. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control over financial

reporting that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over financial reporting and its operation that we consider to be material weaknesses.

This report is intended for the information of the Sheriff, Board of County Commissioners and State Auditor General. However, this report is a matter of public record and its distribution is not limited.
